

# How to Create OpenAI API Keys

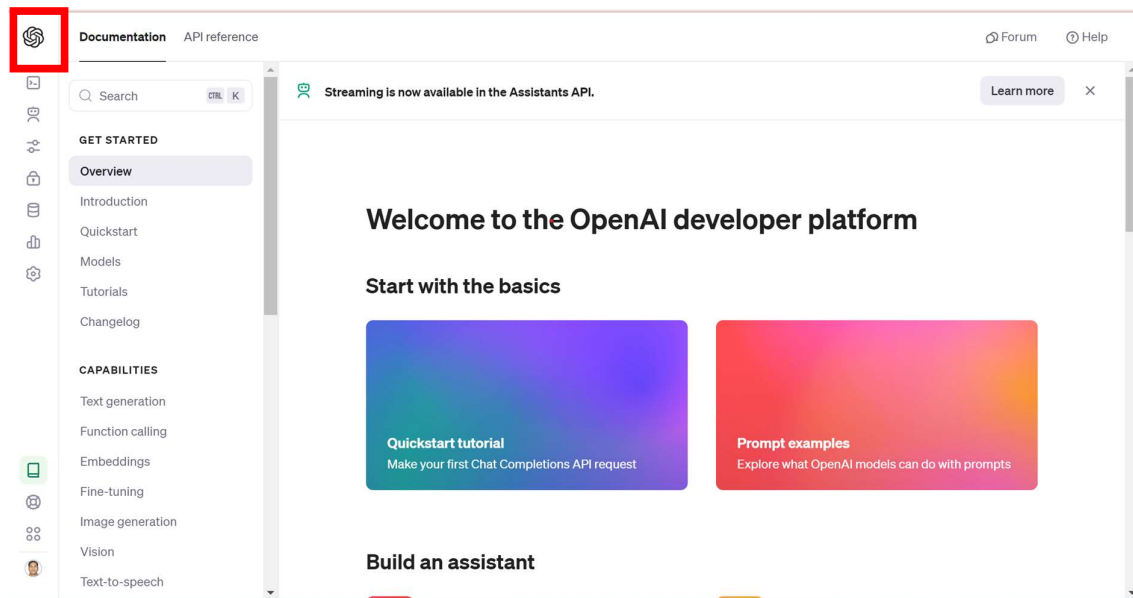

## Step 1: Login to www.openai.com

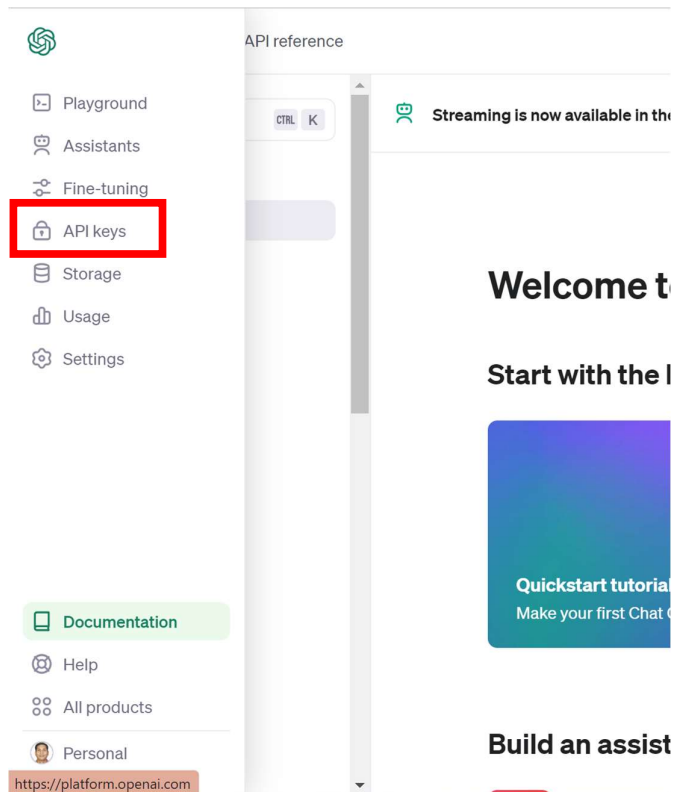

## STEP 2: Post login, you will see the screen below. Select “API”

**STEP 3: You see a screen like below. Hover the mouse over the OpenAI Logo**

**STEP 4: You will get the Full Menu. Select “API Keys”.**

## STEP 5: Click on “Create new secret key”

**API keys**

Your secret API keys are listed below. Please note that we do not display your secret API keys again after you generate them.

Do not share your API key with others, or expose it in the browser or other client-side code. In order to protect the security of your account, OpenAI may also automatically disable any API key that we've found has leaked publicly.

Enable tracking to see usage per API key on the [Usage page](#).

NAME	SECRET KEY	TRACKING	CREATED	LAST USED	PERMISSIONS
dalle	sk-...UCE6	Enabled	Dec 1, 2023	Never	All
whisper	sk-...7FcN	Enabled	Feb 28, 2024	Mar 9, 2024	All

**+ Create new secret key**

**Default organization**

If you belong to multiple organizations, this setting controls which organization is used by default when making requests with the API keys above.

Personal

## STEP 6: Provide a name and click “Create secret key”.

### Create new secret key

Name Optional

demo-key

Permissions

All

Restricted

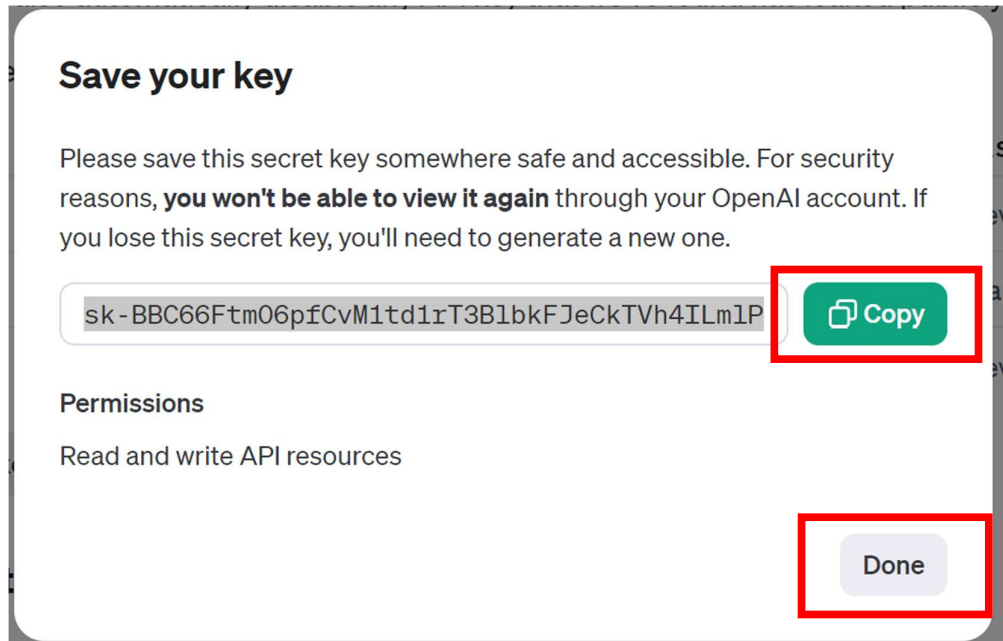

Read Only

Cancel

**Create secret key**

## STEP 7: Copy the secret key, and click “Done”.

**Make sure to copy the secret key and paste it somewhere (notebook), since it will NEVER be available again later.**

## STEP 8: The newly created API key now must appear in the list of access keys as below:

### API keys

Your secret API keys are listed below. Please note that we do not display your secret API keys again after you generate them.

Do not share your API key with others, or expose it in the browser or other client-side code. In order to protect the security of your account, OpenAI may also automatically disable any API key that we've found has leaked publicly.

Enable tracking to see usage per API key on the [Usage page](#).
