AutoGen Studio

AutoGen Studio is a tool that simplifies the process of building and interacting with autogen agents.

AutoGen Studio

Click [here](#) to view the AutoGen Studio Docs:

The screenshot shows the AutoGen Studio interface. On the left, a sidebar titled "Workflow" lists three recent workflows: "ada9e3bf-4079-4f66-8c8e-6a3..." (just now), "45d4da7e-f9ea-4609-a408-984..." (28 minutes ago), and "680d8f0c-3e8f-4bb2-8c06-b54..." (19 hours ago). Each item has "delete" and "publish" buttons. A green "+ New" button is at the bottom of the sidebar.

The main area is titled "Playground". It contains a "USER" section with a prompt: "create a 4 page pdf brochure on coffee from different parts of the world with some description of origins. E.g Ethiopian coffee may be in a glass on a table with a lush green forest in the background." Below this is an "AGENT" section with a message: "The PDF brochure titled "Coffee_Brochure.pdf" has been successfully created. It includes images and descriptions of coffee from Ethiopia, Colombia, Brazil, and Vietnam, assembled into a 4-page document. Your brochure on coffee from different parts of the world is now ready. TERMINATE".

Under "Agent Messages", there is a list of 10 messages over 2 minutes and 39 seconds. Below this is a "Results (8 files)" section showing eight files: "Coffee_Brochure.pdf", "77d9370c-1fe1-4658-a79a-ab7890c93a6b.png", "f7a649b1-ce4a-4d5f-91a3-0085b2f574b6.png", "a24eeaa2-8d7c-4855-a1a8-953b08b0bf41.png", "6d3319d6-8041-49e1-acb5-439f084440c5.png", "generate_more_images.py", "create_pdf_brochure.py", and "generate_images.py". The "Coffee_Brochure.pdf" file is represented by a PDF icon, and the other files are represented by their respective image thumbnails.

At the bottom, there is a "Blank slate? Try one of the example prompts below" section with buttons for "Stock Price", "Sine Wave", "Markdown", and "Paint". A footer note says "Maintained by the AutoGen Team." and the "Analytics Vidhya" logo is in the bottom right corner.

Thank You
